

O R D E R F O R M

This complete training program consists of:

- A 10 minute **DVD** demonstrating dental and behavioral techniques
- A **workbook** with 11 chapters, review questions and class and home exercises
- A **trainer's manual** with complete instructions on using the training materials
- A 60 item pre- and post-test to assess trainee knowledge
- A Powerpoint presentation for caregivers, used with the workbook

A brochure is also available that highlights some of the key concepts in the training materials. This brochure is available in English, Tagalog, Korean, Vietnamese and Spanish versions.

Those who complete this program will be able to:

- Recognize and prevent dental diseases
- Identify obstacles to dental health for a given individual
- Use behavioral techniques to improve oral hygiene skills and independence
- Develop and carry out an oral health plan
