

## PACIFIC OFFERS

- Examinations, diagnosis and a complete range of dental treatment procedures for children in a state-of-the-art facility
- Treatment of complex dental cases including children with special needs or medical complications
- Multiple specialists available on-site for consultations and referrals including early orthodontic intervention
- The ability to schedule more than one child at the same appointment time
- Multi-lingual dental care providers

## PATIENT SERVICES

Pediatric dental faculty partner with dental students, specially trained dental assistants and staff members to provide comprehensive, low-cost dental care for children, from birth to age 14.

Pacific's Pediatric Dental Clinic stresses family dental health education. Infants are seen as early as possible to check their oral health and to inform their caregivers of prevention skills.

*Staff from the Pediatric Clinic participate in community outreach projects every month.*
